

## Addendum: Calculation of the masses of the binary star HD 93205 by application of the theory of apsidal motion

by O. G. Benvenuto, A. M. Serenelli,<sup>★</sup> L. G. Althaus, R. H. Barbá and N. I. Morrell

**Key words:** binaries: eclipsing – stars: early-type – stars: evolution – stars: fundamental parameters – stars: individual: HD 93205 – stars: interiors.

The paper ‘Calculation of the masses of the binary star HD 93205 by application of the theory of apsidal motion’ was published in Mon. Not. R. Astron. Soc. **330**, 435–442 (2002). At the time this paper was prepared, the authors were not aware of a previous article

by Jeffery (1984) where a simplified formalism of the method was presented.
